

NorthStream Credit Strategies Fund LP

A Tax-Efficient Fixed Income Solution with Low Correlation to Rates and Equities

NorthStream Capital ("NorthStream") is an independent, alternative investment management firm that focuses on North American event-driven credit opportunities. NorthStream offers Canadian investors a proven investment opportunity previously only available to Canadian banks.

Investment Objective

The Fund's investment objective is to generate a tax-efficient return of 8% - 10% per annum, after fees, by investing in event-driven credit opportunities where it is possible to generate a capital gain.

Investment Strategy

NorthStream invests in credit securities with a near-term catalyst or attractive relative value in the Canadian and U.S. High Yield markets. NorthStream has a thorough research process focused on company valuation, margin of safety and estimating the probability of investment outcomes.

Demonstrated Product Benefits

- Income and tax-efficient capital growth: 149.76% cumulative return since inception (+12438 bps excess return vs. benchmark), >33% of the investment return has been from capital gains.
- Capital preservation: 78.05% positive months.
- Low sensitivity to interest rates: no correlation to XGB and positive returns in rising rate environments.
- Low correlation with equities: 39.91% correlation vs. TSX, 24.59% correlation vs. S&P 500.
- NorthStream generates investment performance from our research process, **not from the use of leverage**.
- True alignment with investors: collectively, the founders are the largest investors in the Fund
